

## For basico

```
main.c
#include <stdio.h>
#include <stdlib.h>

main()
{
    int a,b;
    printf("Dame un numero");
    scanf("%i",&a);
    for(b=a;b>=0;b--)(printf("%i\n",b));
    getch();
}
```

```
C:\Users\Darkozzi\Desktop\COMPUTACION\for basico\Proyecto1.exe
Dame un numero10
10
9
8
